Andy - I agree with the goals, but assume we need a letter agmt to confirm payment terms (account info and timing) and others details. I would agree that we can meet those goals outside use of an AOC, if that is acceptable to your management.

I will call next week.

Subject: RE: USGS SOW/Budget

Folks:

The goals here are to agree on the Scope of Work, finalize a billing process, and make sure we clearly account for any payments EPA receives.

Correct me if I am wrong, but my understanding is that we don't need to have a written agreement to do all this.

Andy

Subject: USGS SOW/Budget

Roy and Bill,

Attached is the FY14 USGS Scope of Work and budget for Anaconda Surface Water monitoring that AR has agreed to fund.

If you have any questions, please give me a call.

Charlie
